On December 2, 2014, CareCore National merged with MedSolutions, Inc. to create one company which is temporarily being known as "CareCore-MedSolutions" (parent company is CareCore National). Prior to the merger CareCore did not have any registered SSF's with the FEC. No new solicitations or disbursements have been made to date however we have filed an FEC Amended Form 1 to change the name of the PAC and connect it to the new company name. A new name is scheduled to be

released to the public on or around June 1, 2015, at which point the appropriate filing with the FEC will be filed to change the name of the PAC to reference the newly chosen company name.
